repression of drunkenness in France, which would seem to have some very stringent provisions. The first clause merely adopts the old English law that when nothing else can be proved against a brawler in the streets, he may always be fined five shillings for being drunk. Five france is now to be the analogous French tariff But the penalty rises tremendously for the second, third and fourth offenses, going so high as two repression of drunkenness in France, as in my opinion, it quebt to be characterized by reverses which would But cherish tihy home in year world of light,

Europe—namely, Switzerland, France, Spain, and the little Alpine Republic of ing between England and France, have above referred to. for many years been virtually self-governed. The republican leaven having thus fairly commenced working in the politics of Europe, we are encouraged to hope that it will ere many years leaven the they shall see fit. whole lump. The later reports from Spain do not indicate a harmonious adjustment of all difficulties is the way of a firm establishment of the new government.

that she picked up a pisted which Fisk had dropped, and there is no doubt a hundred more could be found in New York to testify to that or anything else. So now it is thought the murderer will go Scott free on the next trial.

**E' If you are ever tempted, in an evil moment, to ask an editor to copy an article, or advertisement which you have seen in some other paper with which you know he exchanges, don't do it. For ten to one his exchanges, don't do it. For ten to one his exchanges, don't do it. For ten to one his exchanges have been lugged off before your letter reaches him. But if you yield to this insidious temptation be sure to cut out the article and send along as a precautionary measure. "We know how it is ourself."

**E' A bill has just been passed for the repression of drunkenness in France, Interval of the content of the content of the party where he can be did repeated to invest another million dollars without disturbing the silightest need of the thow this the tow that I am still enabled to invest another million dollars without disturbing the subject such that I am still enabled to invest another million dollars without disturbing the subject such that I am still enabled to invest another million dollars without disturbing the subject such that I am still enabled to invest another million dollars without disturbing the subject such that I am still enabled to invest another million dollars without disturbing the subject such that I am still enabled to invest another million dollars without disturbing the subject such that I am still enabled to invest another million dollars without disturbing to work and they ought to be such as a subject to say about this question. I am willing to assist at the digging and unobjectionable that are the work and they ought to be such as a strong support, and though the such an any pleasure to provide a class of instructive and amusing entertainments, to which the care what party eomes after it, you yield to this insidious temptation and elections that, if this is to

mendously for the second, third and fourth offenses, going so high as two mouths' imprisonment, 600 frances fine and deprivation of civil rights for two years. A great variety of clauses enact penalties of fine and imprisonment against public-house keepers who shall serve liquor to drunken people or to minors under sixteen. It is especially enacted that the Guardes, Champetres are to be informers in their commune.

See There are now six Republies in Europe—namely, Switzerland, France, Spain, and the little Alpine Republic of Spain and the secure of their respective States to assist in the Sixty-third arene and Sixty-third arene and Sixty-third street. This is a fact of enterprise descrying more than a mere passing notice. Large establishments, such sa Mr. Barnum usually possesses, require great skill, care, and time for successful such that the American Intention of the American Intentin

agents have been cogaged, in various agents have been cogaged, in various parts of the world, collecting novelties plevion tair and free from nimples blatch. Spain, and the little Alpine Republic of San Marino, the oldest and smallest in the world (twenty-two miles square), which has maintained its independence and its self-government for four hundred of the purpose of present in the foregoing communication of this Excellency, Hamilton Fish, and for the purpose of present in the compliance with the desire expressed in the foregoing communication of His Excellency, Hamilton Fish, and for the purpose of present in the compliance with the desire expressed in the foregoing communication of His Excellency, Hamilton Fish, and for the purpose of present in the foregoing communication of the Old World have been drawn upon for remarkable covery. It has no equal for this purpose of animal nature; curiosities. which has maintained its independence and its self-government for four hundred years; also, Andora, a small Republic in the fastnesses of the Pyrences, between Spain and France, which has maintained its independence and self-government since 1848; and besides these, the three liable of the purpose of promoting the object contemplated by the Joint Resolution of Congress, the second section of which is copied above, I do hereby carnestly invite and exhort the good people of this State to use their influence and particular to the following the object of the purpose of promoting the object of the purpose of animal nature; curiosities, have been drawn allower than the purpose of animal nature; curiosities, have been drawn allower than the purpose of animal nature; curiosities, have been drawn allower than the purpose of animal nature; curiosities, have been drawn allower than the purpose of animal nature; curiosities, have been drawn allower than the purpose of animal nature; curiosities, have been drawn allower than the purpose of animal nature; curiosities, have been drawn allower than the purpose of animal nature; curiosities, have been drawn allower than the purpose of a specimens of animal nature; curiosities, from all climes and countries, have been For the purpose of diffusing general information thereof the publishers of newspapers throughout the State are requested to insert the above in their states.

Three great circus companies have been and the Thesion, while the modest cards combined in one, and the members of Cherry Pectoral, Ayer's Sarsaparilla, ME- EDITOR:-The inhabitants of each will assist in every performance, the Ague Cure and Pills look from the win-Mr. Entron:—The inhabitants of that school district, not 10 miles from Middlebury, of which I have read some good qualities and the very best men, unfortunately, have some very bad qualities.
